

MM1 Refrigeration Unit

MM1 Refrigeration Unit
MM1 Remote System

Mermaid's newest line!
The quiet, efficient, air-cooled refrigeration/freezer units are an ideal addition to any vessel seeking Kool (tm) refrigeration or freezing.

Mermaid's MM Condensers are constructed on high grade 304-18 gauge stainless steel bases and can operate on 12v, 24v, and now 110v/220v with auto change-over! Capacity ranges from 2.5 - 9.0 cubic feet

refrigeration and 2.5 - 5.0 cubic feet freezers. Each unit is manufactured using the highly respected Danfoss compressor line and can be remote mounted up to 10 feet away. All Mermaid refrigeration/freezer units are air cooled and are pre-wired, pre-charged, and easy to install using the simple quick connect program.

The MM1 is ideal for 22' - 28' boats seeing refrigeration or freezing. The MM1 line contains a Danfoss BD35 Compressor, quick connect fittings, 12/24v operation or 12/24v & 110v/220v with auto-changeover, and utilizes R134-A Refrigerant.

Choose the size evaporator that best suits your application. Evaporator will come with your choice of thermostat.

Price \$740.00

MM1 Condenser

Running Amperage - BD35 Compressor

- At 2500 rpm (low speed) = 4.0 amps on 12v, 2.0 amps on 24v, 2.0 amps on 110v, 1.0 on 220v
- At 3500 rpm (high speed) = 6.2 amps on 12v, 3.1 amps on 24v, 2.5 amps on 110v, 1.75 on 220v
