

Westerbeke 10.0 KW Generator

Westerbeke 10.0 KW Generator
10.0 BEG

Continuous Quality Power

The Westerbeke family of "Houseboat Generators" is powered by dependable four-cylinder engines for smooth and quiet operation. Their proven reliability with houseboat rental fleets has made Westerbeke gensets the "Standard of the industry."

**** CALL FOR CURRENT PRICING!! SPECIALS ALWAYS GOING ON WITH WESTERBEKE!!! ****

These modern overhead cam engines operate at a slow 1800 RPM for long life and low maintenance. The unique Westerbeke Gasdenser insures an uninterrupted flow of gasoline to the engine in the high ambient temperatures typically found in generator compartments and engine rooms.

All Westerbeke gensets come with a 5-year limited warranty. As an added convenience, Westerbeke also offers Spare Parts Kits for routine maintenance or for a complete overhaul, available for each model generator we manufacture. Just ask your local distributor or dealer about these and many other available options. The Houseboat Series from Westerbeke: Continuous - Quality - Power.
